Kids Love to Sign® Storytime:

Max the Monkey signing "book"

Sign language offers a "hands-on" beginning to literacy. Exposure to books in a child's early years is directly related to improving literacy skills. Research shows signing with toddlers and preschoolers benefits their cognitive, emotional and social development. In this **FREE** 30 minute, lively storytime children 6 months and older will enjoy songs, signs, books, and more!

Storytime is 9:30am-10:00am
